SANTA BARBARA OUTREACH CENTER

Project Statement

Wellness is a part of life in Santa Barbara. Located downtown, the Santa Barbara outreach center will be a place where people feel welcome to go in and visit the health juice bar, practice yoga, or check in center with an educational seminar. It's a place where people can feel a sense of health & wellness.

Concept Statement

Santa Barbara is well known for its connection with nature, outdoor inspirations, and fun colors. The center will utilize harmony and nature to provide a sense of well-being through biophilic design including textures. And the design will be connected through branding with gestalt theory, and its focus on health & wellness.
